Inquiries should be addressed
via email to
alp.pop@unibocconi.it

Alp-Pop brings together scholars interested in population issues across several disciplines, including demography, economics, epidemiology, political science, sociology and psychology. The conference emphasizes empirical rigor and innovation over a given topic or geographical area, and meets the challenges of interdisciplinary and international audiences.

Alp-Pop scholars confer both formally and informally. A traditional conference program (paper and poster presentations) mixes with group activities in a world-class winter resort. The conference location, the Hotel Planibel in La Thuile (Aosta Valley), is next to the ski-slopes, and is in close proximity to the airports of Geneva and Torino/Milano.
